

Kane County Republican Central Committee
825 West State Street #117E
Geneva, IL 60134
630-443-3600

The Kane County Republican Central Committee represents all 16 townships and almost 250 Precinct Committeemen. While we do not take sides in Republican primaries, we strongly believe that political campaigns should be based on issues and facts. In recent days we have been deeply disturbed at the barrage of falsehoods against the 8th Congressional District Candidate Larry Kaifesh. These attacks have included phony websites and outright dissemination of lies that demean and defame Larry's proud record serving our country in the U.S. Marine Corps. We unanimously condemn these tactics. They have no place in our Republican Party. They do not represent our Republican values. We ask all voters and the news media to consider or reconsider carefully the motivation and special interests of those who seek political gain from character assassination. You, the people, deserve better.

Sincerely,

Barbara J. Wojnicki, Chairman KCRCC
Drew Frasz, Vice Chairman KCRCC
Richard Johansen, Vice Chairman KCRCC
